

Quilted Shawl

Materials:

49 5" squares (1 charm square pack and 7 extra pieces)

7 5 $\frac{3}{8}$ " squares of matching fabric

1 4" square of matching fabric

1.5m backing fabric

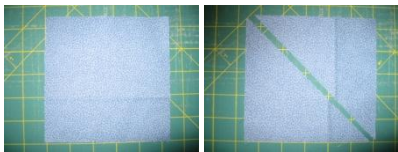

Wadding

Binding – 2.5" x 180" (Under $\frac{1}{2}$ m of fabric will be required but joining will be required)

Finished size: 48" x 48" x 66.5"

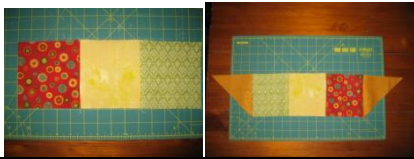

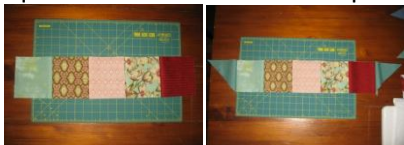

(I tend to make 2 shawls at a go because of the backing and wadding)

- 1) Take the 5 $\frac{3}{8}$ " squares and cut them on the diagonal so there will be 14 half triangles.

- 2) Take the 4" square and cut on the diagonal. You only need 1 half square triangle for 1 shawl.

- 3) Starting at the narrow end, piece together as follows (make sure the end triangles face downwards as shown in the pictures below):

1	1	join the one half triangle from the 4" square to the bottom of the row 1 square and then join 2 half square triangles from the 5 $\frac{3}{8}$ " square to either side of the square. 
2	3	Join the 3 squares to together and then join 2 half square triangles from the 5 $\frac{3}{8}$ " square to either side of the square. 
3	5	Join the 5 squares to together and then join 2 half square triangles from the 5 $\frac{3}{8}$ " square to either side of the square. 

4	7	Join the 7 squares to together and then join 2 half square triangles from the 5 $\frac{3}{8}$ " square to either side of the square.
5	9	Join the 9 squares to together and then join 2 half square triangles from the 5 $\frac{3}{8}$ " square to either side of the square.
6	11	Join the 11 squares to together and then join 2 half square triangles from the 5 $\frac{3}{8}$ " square to either side of the square.
7	13	Join the 13 squares to together and then join 2 half square triangles from the 5 $\frac{3}{8}$ " square to either side of the square.

The first 3 rows should look like this:

- 4) Join row 1 to 2 to 3 to 4 to 5 to 6 to 7. You should have a triangular shape.
- 5) Cut backing fabric and wadding diagonally and sandwich the shawl – backing + wadding + shawl top
- 6) Either quilt the sandwich or use decorative stitches along the seams.
- 7) Get your Binding ready. This should be 2 $\frac{1}{2}$ " x 180"
- 8) Add binding and finish off your shawl.

Enjoy!
